9. Youth Employment Programme, Dual Training Programme, Back to Work Programme and Trainee Engineer Scheme

9.1 The Youth Employment Programme (YEP) which started in 2013 is meant for unemployed youth aged between 16 and 35 years and provides them with training and placement in an enterprise for an initial period of one year with the possibility of one additional year of placement with another enterprise. The Programme provides for the payment of a monthly stipend to the youth as follows:

 Graduates: Rs 15,000

50% of the stipend is refunded to the employer by Government as well as 50% of the training cost up to a maximum of Rs 7,500 per youth.

Since December 2015, the YEP has been extended to the public sector.

According to the YEP Secretariat, there is a total number of 42,979 (19,042 males and 23, 937 females) youth registered with YEP as at 30 April 2022.

The number of Employers registered with YEP is 7,013, out of which 41% are actively participating in the recruitment process.

The number of jobseekers placed in companies through the YEP as at 30 April 2022 is 24,683 (11,086 males and 13,597 females). 82 (37 males and 45 females) jobseekers were placed in the public and private sectors. 69 jobseekers (32 males and 37 females) were placed in the private sector out of which 41% in “*Professional, scientific and technical activities*” sector, 14% in “*Wholesale and Retail Trade*” sector and 13% in “*Financial and Insurance Activities*” sector respectively (Table 27). 9.2 The Dual Training Programme (DTP), launched in September 2015 provides for unemployed Mauritians to follow a Diploma or Degree Course with a tertiary institution registered with either the Tertiary Education Commission or the Mauritius Qualifications

Authority in fields required by the labour market, with placement in an enterprise. Under the Programme, trainees will be paid a monthly stipend of Rs 6,000 for a maximum period of three years. As for employers, they will be refunded 60% of the course fees, per year per trainee as well as the stipend for a maximum of three years. After satisfactory completion of the course, the trainees may be employed.

According to the DTP secretariat, 49 companies have registered in the DTP and 205 trainees have successfully completed their training, out of which 90 males and 115 females. The trainees have completed their training programme in different courses such as BTS Assistant de Gestion, BTS Services Informatiques aux Organisations and Technician Diploma in Mechanical and Electrical Engineering. The training institutions are Université des Mascareignes and MCCI Business School. 155 trainees have obtained permanent jobs after completion of the training.

25 trainees including 16 males and 9 females are currently on placement with private companies.

9.3 The Back to Work Programme (BTWP) which was launched in September 2015 is meant for women above 30 years of age to enable them take up or resume employment. The Programme provides for the placement of women in a job for an initial period of one year following which they might be employed. During the placement period, the women will be paid a stipend up to a maximum of Rs 10,575 and will get the opportunity of following training in a registered institution. In addition, to further empower those women, technical courses are currently being dispensed to them by MITD. The courses are fully sponsored by this Ministry and a stipend of Rs 10,575 are paid to them

at the end of the course. 193 unemployed women under the BTWP have been trained in Bakery/Pastry, Beauty Therapy, Hairdressing, Care of the Elderly and Disabled, Early Childhood care and Flower Arrangements.

9.4 Government has found that there is a bottleneck regarding pre- registration of engineers at the Council of Registered Professional Engineers (CRPE). The requirements of two years practical training under the supervision of professional engineers could not be entertained for lack of training possibilities for our graduates in engineering.

Government thus announced a special scheme in the Budget Programme 2016-2017, for the placement of trainee engineers.

The objective of the TES is to enable Graduates in engineering to qualify for registration with the Council of Registered Professional Engineers of Mauritius and to operate as full-fledged engineers.

The requirements for enlistment of trainees for the Trainee Engineer Scheme: Degree holders in engineering plus eligibility certificate stage 1 from the Council of Registered Professional Engineer.

As at 30 April 2022, the number of applications received for the scheme was 1,440 (1,067 males and 373 females). The number of placements effected in the public sector was 457 (360 males and 97 females) and in the private sector was 310 (234 males and 76 females). Most placements were made in the following fields: 48% in “*Civil Engineering*” and 21% in “*Mechanical Engineering*” and 14% in “*Electrical and Electronics Engineering*”.

17 employers of the public sector and 55 of the private sector are participating in the scheme as at 30 April 2022; while the number of placements for the month of April 2022 stood at 22 trainees including 4 trainees (4 males) in the public sector and 18 trainees (15 males and 3 females) in the private sector .

11. Job Placement

11.1 Placement is made according to the job requirements of employers. For the month of April 2022, 4,418 vacancies have been processed by the Employment Information Centres and 4,059 registrants were referred for employment by the latter. Out of the 4,059 (1,920 males and 2,139 females) referred jobseekers, 82 declined job offers, 333 failed to report to employers and 2,738 were not selected. There were 237 registrants who reported that they have been employed and the result of referral for 652 remaining applicants was not yet known. For the month of April 2022, placement has been effected for about 5% of the vacancies processed (Table 28).

Some vacancies for the month of March 2022 have been processed during the month of April 2022 leading to 17 additional placements being made.

As regards placement in the public sector, 2 vacancies have been reported for which 585 jobseekers have been referred and 4 jobseekers have been placed for previous vacancies.

Furthermore, 29 persons registered under the “*Workfare Programme*” have been placed, 37 persons through the TV programme “*Magazine de L’Emploi et des Metiers*”, 12 persons through the “*Job Management system*”, 82 persons through the “*Youth Employment Programme*”, 3 persons through the “*Dual Training Programme*”, 22 persons through the “*Trainee Engineer Scheme*” and 96 persons through “*Overseas Vacancies*”. Thus, the total number of placements, for the month of April 2022, amounted to 539 (Table 29) and as shown below.

11.2 The disparity between the number of vacancies reported and the number of persons placed can be explained by unwillingness of job seekers to accept job offers and also by some criteria set by the employers. Some jobseekers refused job offers because of the conditions of work e.g. low salary, overtime or night duty. Most of the jobseekers refused the jobs offered to them as they are looking for public sector jobs. For some vacancies no suitable candidates were available.

In some cases, employers were not satisfied with referred candidates and consequently the vacancies were filled by the employers themselves. Some candidates were not selected by employers as according to the latter they were not suitable for the work or lack previous experience. Employers were not willing to offer higher salaries, thus the jobseekers who were looking for a better pay were not selected by the employers.

11.3 A breakdown of placements by industrial group shows that the majority of the placements made were in the “*Wholesale & Retail Trade; repair of motor vehicles, motorcycles & personal and household goods*” sector (66), “*Real estate, renting and business services*” sector (50) and “*Manufacturing*” sector (43). The remaining placements were effected in companies engaged in other activities (Table 29).
