9. Youth Employment Programme, Dual Training Programme, Back to Work Programme and Trainee Engineer Scheme

9.1 The Youth Employment Programme (YEP) which started in 2013 is meant for unemployed youth aged between 16 and 35 years and provides them with training and placement in an enterprise for an initial period of one year with the possibility of one additional year of placement with another enterprise. The Programme provides for the payment of a monthly stipend to the youth as follows:

HSC : Rs 8,000
 Diploma : Rs 10,000
 Graduates: Rs 15,000

50% of the stipend is refunded to the employer by Government as well as 50% of the training cost up to a maximum of Rs 7,500 per youth.

Since December 2015, the YEP has been extended to the public sector.

According to the YEP Secretariat, there is a total number of 43,319 (19,160 males and 24, 159 females) youth registered with YEP as at 31 May 2022.

The number of Employers registered with YEP is 7,077, out of which 40% are actively participating in the recruitment process.

The number of jobseekers placed in companies through the YEP as at 31 May 2022 is 24,793 (11,126 males and 13,667 females). 130 (45 males and 85 females) jobseekers were placed in the public and private sectors. 110 jobseekers (40 males and 70 females) were placed in the private sector out of which 37% in “*Professional, scientific and technical activities*” sector, 15% in “*Information and Communication*” sector and 14% in “*Financial and Insurance Activities*” sector respectively (Table 27). The remaining 20 jobseekers (5 males and 15 females) were placed in the public sector during the month of May 2022.

9.2 The Dual Training Programme (DTP), launched in September 2015 provides for unemployed Mauritians to follow a Diploma or Degree Course with a tertiary institution registered with either the Tertiary Education Commission or the Mauritius Qualifications Authority in fields required by the

labour market, with placement in an enterprise. Under the Programme, trainees will be paid a monthly stipend of Rs 6,000 for a maximum period of three years. As for employers, they will be refunded 60% of the course fees, per year per trainee as well as the stipend for a maximum of three years. After satisfactory completion of the course, the trainees may be employed.

According to the DTP secretariat, 49 companies have registered in the DTP and 205 trainees have successfully completed their training, out of which 90 males and 115 females. The trainees have completed their training programme in different courses such as BTS Assistant de Gestion, BTS Services Informatiques aux Organisations and Technician Diploma in Mechanical and Electrical Engineering. The training institutions are Université des Mascareignes and MCCI Business School. 155 trainees have obtained permanent jobs after completion of the training.

26 trainees including 16 males and 10 females are currently on placement with private companies.

9.3 The Back to Work Programme (BTWP) which was launched in September 2015 is meant for women above 30 years of age to enable them take up or resume employment. The Programme provides for the placement of women in a job for an initial period of one year following which they might be employed. During the placement period, the women will be paid a stipend up to a maximum of Rs 10,575 and will get the opportunity of following training in a registered institution. Employers enrolling women on placement under the Programme will be refunded the training cost up to a maximum of Rs 7,500 per woman as well as the stipend for the placement period.

According to the BTWP secretariat, as at the end of May 2022, 846 employers are registered in the programme, out of which 36% participated actively. 5,717 women are registered in the programme and 1,328 have been placed, out of which 32% in the “*Wholesale and trade*” sector and 25% in the “*Manufacturing*” sector. 713 women have obtained permanent jobs after completion of their placement.

For the month of May 2022, 117 women and 9 employers have registered for the first time, while no woman was placed.

In addition, to further empower those women, technical courses are currently being dispensed to them by MITD. The courses are fully sponsored by this Ministry and a stipend of Rs 10,575 are paid to them at the end of the course. 193 unemployed women under the BTWP have been trained in Bakery/Pastry,

Beauty Therapy, Hairdressing, Care of the Elderly and Disabled, Early Childhood care and Flower Arrangements.

9.4 Government has found that there is a bottleneck regarding pre- registration of engineers at the Council of Registered Professional Engineers (CRPE). The requirements of two years practical training under the supervision of professional engineers could not be entertained for lack of training possibilities for our graduates in engineering.

Government thus announced a special scheme in the Budget Programme 2016-2017, for the placement of trainee engineers.

The objective of the TES is to enable Graduates in engineering to qualify for registration with the Council of Registered Professional Engineers of Mauritius and to operate as full-fledged engineers.

The requirements for enlistment of trainees for the Trainee Engineer Scheme: Degree holders in engineering plus eligibility certificate stage 1 from the Council of Registered Professional Engineer.

As at 31 May 2022, the number of applications received for the scheme was 1,453 (1,080 males and 373 females). The number of placements effected in the public sector was 462 (364 males and 98 females) and in the private sector was 316 (239 males and 77 females). Most placements were made in the following fields: 47% in “*Civil Engineering*” and 22% in “*Mechanical Engineering*” and 15% in “*Electrical and Electronics Engineering*”.

17 employers of the public sector and 55 of the private sector are participating in the scheme as at 31 May 2022; while the number of placements for the month of May 2022 stood at 11 trainees including 5 trainees (4 males and 1 female) in the public sector and 6 trainees (6 males) in the private sector .

12. Job Placement

12.1 Placement is made according to the job requirements of employers. For the month of May 2022, 3,514 vacancies have been processed by the Employment Information Centres and 4,999 registrants were referred for employment by the latter. Out of the 4,999 (2,097 males and 2,902 females) referred jobseekers, 68 declined job offers, 479 failed to report to employers and 3,396 were not selected. There were 268 registrants who reported that they have been employed and the result of referral for 756 remaining applicants was not yet known. For the month of May 2022, placement has been effected for about 8% of the vacancies processed (Table 28).

Some vacancies for the month of April 2022 have been processed during the month of May 2022 leading to 32 additional placements being made.

As regards placement in the public sector, 44 vacancies have been reported. However, no jobseeker has been placed and referred.

Furthermore, 21 persons registered under the “*Workfare Programme*” have been placed, 41 persons through the TV programme “*Magazine de L’Emploi et des Metiers*”, 5 persons through the *Job Management system*, 130 persons through the “*Youth Employment Programme*”, 1 person through the “*Dual Training Programme*”, 11 persons through the “*Trainee Engineer Scheme*” and 80 persons through “*Overseas Vacancies*”. Thus, the total number of placements, for the month of May 2022, amounted to 589 (Table 29) and as shown below.

| Total | 280 | 80 | 309 | 93 | 589 | 86 |

12.2 The disparity between the number of vacancies reported and the number of persons placed can be explained by unwillingness of job seekers to accept job offers and also by some criteria set by the employers. Some jobseekers refused job offers because of the conditions of work e.g. low salary, overtime or night duty. Most of the jobseekers refused the jobs offered to them as they are looking for public sector jobs. For some vacancies no suitable candidates were available.

In some cases, employers were not satisfied with referred candidates and consequently the vacancies were filled by the employers themselves. Some candidates were not selected by employers as according to the latter they were not suitable for the work or lack previous experience. Employers were not willing to offer higher salaries, thus the jobseekers who were looking for a better pay were not selected by the employers.

12.3 A breakdown of placements by industrial group shows that the majority of the placements made were in the “*Hotels and restaurants*” sector (81), “*Manufacturing*” sector (59) and “*Wholesale & Retail Trade; repair of motor vehicles, motorcycles & personal and household goods*” sector (54). The remaining placements were effected in companies engaged in other activities (Table 29).
