SECTION I

National Employment Department Monthly Bulletin – December 2022

1. Introduction

This is a monthly bulletin prepared by the Ministry of Labour, Human Resource Development and Training to present data on registered unemployed, vacancies, placements of jobseekers and work permits. This present issue refers to the month of December 2022 for the Island of Mauritius and Island of Rodrigues.

The data are compiled based on information collected at the thirteen Employment Information Centres (EICs) throughout the island and at the different units of the National Employment Department.

Registered unemployed comprise new registrants, re-registrants and those maintaining their registration. “New registrants” refers to new jobseekers wishing to be placed on the live register of unemployed of the National Employment Department. “Re-registrants” refers to those who have ceased registration for a period not exceeding two years, and come back to be re-admitted on the live register. If the break is more than two years then the case will be considered as a new one.

2. Registered jobseekers as at the end of December 2022

The total number of registered unemployed at the end of December 2022 stood at 19,155 (6,970 males and 12,185 females). These figures include laid off workers who are registered under the Workfare Programme.

In addition to registered unemployed, 20,487 jobseekers (10,693 males and 9,794 females), who though already in employment, were registered at the Employment Information Centres, in search of a better job.

Table 1 - Number of registered Unemployed and In Employment jobseekers by sex, as at end of December 2022

Registered Jobseekers	Male	Female	Both sexes
Unemployed	6,970	12,185	19,155

8. The website of National Employment Department: <https://mauritiusjobs.govmu.org>

The website <https://mauritiusjobs.govmu.org> was launched in September 2014. The objective of the website is as follows:

- To have a dedicated and state of the art interactive website for jobseekers and employers that will be more user-friendly and responsive.
- To incorporate overseas vacancies notified in the context of the International Organization for Migration (IOM).
- To provide a quicker search engine both for jobseekers and employers.

The Benefits of the Website are:

- Jobseekers can view latest vacancies both local and abroad
- Jobseekers can apply for jobs directly
- Employers can upload their vacancies and effect quick search for potential candidates.
- Employers can view profiles of candidates, CVs, references and qualifications.
- Free of cost and accessible to intended users even on smart phones, tablets and laptops and will be linked to all the other related stakeholders dealing with employment issues.

9. Youth Employment Programme, Dual Training Programme, Back to Work Programme and Trainee Engineer Scheme

9.1 The Youth Employment Programme (YEP) which started in 2013 is meant for unemployed youth aged between 16 and 35 years and provides them with training and placement in an enterprise for an initial period of one year with the possibility of one additional year of placement with another enterprise. The Programme provides for the payment of a monthly stipend to the youth as follows:

HSC : Rs 8,000
 Diploma : Rs 10,000
 Graduates: Rs 15,000

50% of the stipend is refunded to the employer by Government as well as 50% of the training cost up to a maximum of Rs 7,500 per youth.

Since December 2015, the YEP has been extended to the public sector.

According to the YEP Secretariat, there is a total number of 44,661 (19,606 males and 25,055 females) youth registered with YEP as at 31 December 2022.

The number of Employers registered with YEP is 7,433, out of which 39% are actively participating in the recruitment process.

The number of jobseekers placed in companies through the YEP as at 31 December 2022 is 25,169 (11,247 males and 13,922 females). 42 (12 males and 30 females) jobseekers were placed in the public and private sectors. 30 jobseekers (10 males and 20 females) were placed in the private sector out of which 33% in “*Professional, Scientific & Technical Activities*” sector, 17% in “*Information and communication (including BPO)*” sector and 13% in both “*Wholesale and Retail Trade: Repair of Motor vehicles and Motorcycles activities*” sector and “*Manufacturing*” sector respectively (Table 26). The remaining 12 jobseekers (2 males and 10 females) were placed in the public sector during the month of December 2022.

9.2 The Dual Training Programme (DTP), launched in September 2015 provides for unemployed Mauritians to follow a Diploma or Degree Course with a tertiary institution registered with either the Tertiary Education Commission or the Mauritius Qualifications Authority in fields required by the labour market, with placement in an enterprise. Under the Programme, trainees will be paid a monthly stipend of Rs 6,000 for a maximum period of three

years. As for employers, they will be refunded 60% of the course fees, per year per trainee as well as the stipend for a maximum of three years. After satisfactory completion of the course, the trainees may be employed.

According to the DTP secretariat, 50 companies have registered in the DTP and 205 trainees have successfully completed their training, out of which 90 males and 115 females. The trainees have completed their training programme in different courses such as BTS Assistant de Gestion, BTS Services Informatiques aux Organisations and Technician Diploma in Mechanical and Electrical Engineering. The training institutions are Universite des Mascareignes and MCCI Business School. 155 trainees have obtained permanent jobs after completion of the training.

27 trainees including 16 males and 11 females are currently on placement with private companies.

9.3 The Back to Work Programme (BTWP) which was launched in September 2015 is meant for women above 30 years of age to enable them take up or resume employment. The Programme provides for the placement of women in a job for an initial period of one year following which they might be employed. During the placement period, the women will be paid a stipend up to a maximum of Rs 10575 and will get the opportunity of following training in a registered institution.

Employers enrolling women on placement under the Programme will be refunded the training cost up to a maximum of Rs 7,500 per woman as well as the stipend for the placement period.

According to the BTWP secretariat, as at the end of December 2022, 921 employers are registered in the programme, out of which 39% participated actively. 6,030 women are registered in the programme and 1,437 have been placed, out of which 32% in the “*Wholesale and trade*” sector and 27% in the “*Manufacturing*” sector. 721 women have obtained permanent jobs after completion of their placement.

For the month of December 2022, 12 women and 6 employers have registered for the first time, 14 unemployed women were placed.

In addition, to further empower those women, technical courses are currently being dispensed to them by MITD. The courses are fully sponsored by this Ministry and a stipend of Rs 10,575 are paid to them

at the end of the course. 516 unemployed women under the BTWP have been trained in Bakery/Pastry, Beauty Therapy, Hairdressing, Care of the Elderly and Disabled, Early Childhood care and Flower Arrangements.

9.4 Government has found that there is a bottleneck regarding pre- registration of engineers at the Council of Registered Professional Engineers (CRPE). The requirements of two years practical training under the supervision of professional engineers could not be entertained for lack of training possibilities for our graduates in engineering.

Government thus announced a special scheme in the Budget Programme 2016-2017, for the placement of trainee engineers.

The objective of the TES is to enable Graduates in engineering to qualify for registration with the Council of Registered Professional Engineers of Mauritius and to operate as full-fledged engineers.

The requirements for enlistment of trainees for the Trainee Engineer Scheme: Degree holders in engineering plus eligibility certificate stage 1 from the Council of Registered Professional Engineer.

As at 31 December 2022, the number of applications received for the scheme was 1,516 (1,128 males and 388 females). The number of placements effected in the public sector was 478 (377 males and 101 females) and in the private sector was 349 (267 males and 82 females). Most placements were made in the following fields: 47% in “*Civil Engineering*”, 22% in “*Mechanical Engineering*” and 15% in “*Electrical & Electronics Engineering*”.

19 employers of the public sector and 57 of the private sector are participating in the scheme as at 31 December 2022; while the number of placements for the month of December 2022 stood at 3 male trainees in the private sector. No placement was effected in the public sector.

10. Career Guidance Service Unit

The main functions of the Careers Guidance Service are to:

- Establish and maintain contacts with employers, training providers and higher education establishments in order to collect and compile up-to-date career/information.

- Identify clients' interests, skills, values and personality traits through individual/group counselling appointments, thus helping them develop a career plan.
- Conduct career related activities in schools – assisting students in their choice of subjects, training/employment and educational opportunities, thereby helping them in their career planning.
- Participate in and organize career fairs.
- Certify copies of educational certificates as “True Copy”.

The table below provides for the activities conducted during the month of December 2022

Activities	Number
Visit in Enterprises	1
Guidance & Counselling to the general public and students in schools	141
Certification of copies of educational certificates as "True Copy"	722

11. Job Placement

11.1 Placement is made according to the job requirements of employers. For the month of December 2022, 1,953 vacancies have been processed by the Employment Information Centres and 4,259 registrants were referred for employment by the latter. Out of the 4,259 (1,580 males and 2,679 females) referred jobseekers, 34 declined job offers, 567 failed to report to employers and 2,951 were not selected. There were 202 registrants who reported that they have been employed and the result of referral for 451 remaining applicants was not yet known. For the month of December 2022, placement has been effected for about 10% of the vacancies processed (Table 27).

Some vacancies for the month of November 2022 have been processed during the month of December 2022 leading to 54 additional placements being made.

As regards placement in the public sector, 100 jobseekers have been referred and 295 jobseekers have been placed for previous vacancies. No vacancy has been reported.

Furthermore, 9 persons registered under the “*Workfare Programme*” have been placed, 14 persons through the TV programme “*Magazine de L’Emploi et des Metiers*”, 1 person through the *Job Management system*, 42 persons through the “*Youth Employment Programme*”, 14 persons through the “*Back to Work Programme*” and 3 persons through the “*Trainee Engineer Scheme*”. Thus, the total number of placements, for the month of December 2022, amounted to 634 (Table 28) and as shown below.

11.2 The disparity between the number of vacancies reported and the number of persons placed can be explained by unwillingness of job seekers to accept job offers and also by some criteria set by the employers. Some jobseekers refused job offers because of the conditions of work e.g. low salary, overtime or night duty. Most of the jobseekers refused the jobs offered to them as they are looking for public sector jobs. For some vacancies, no suitable candidates were available.

In some cases, employers were not satisfied with referred candidates and consequently the vacancies were filled by the employers themselves. Some candidates were not selected by employers as according to the latter they were not suitable for the work or lack previous experience. Employers were not willing to offer higher salaries, thus the jobseekers who were looking for a better pay were not selected by the employers.

11.3 A breakdown of placements by industrial group shows that the majority of the placements made were in the “*Real estate, renting and business services*” sector (53), “*Wholesale & Retail Trade; repair of motor vehicles, motorcycles & personal and household goods*” sector (52), and “*Hotels and Restaurants*” sector (34). The remaining placements were effected in companies engaged in other activities (Table 28).

12. Work Permits and Certificates of Exemption

For the month of December 2022, the number of new work permits issued was 1,169 (956 males and 213 females). The majority of the new work permits issued was for the “*Manufacturing*” sector (719) followed by “*Construction*” sector with 289 (Table 29 & 32). Out of the 1,169 new work permits issued, 636 were allocated to Bangladeshi workers, 377 to Indian workers, 91 to Malagasy workers and 32 to Nepalese workers (Tables 31).

The number of work permits renewed for the month of December 2022 amounted to 1,279 (1,025 males and 254 females) out of which 915 were for the “*Manufacturing*” sector and 248 for the “*Construction*” sector (Table 30 & 32). The majority of the work permits renewed were for Bangladeshi, Indian and Malagasy workers with 816, 309 and 114 work permits respectively as shown in Table 31.

The number of new certificates of exemption issued and renewed for the month of December 2022 amounted to 460. The majority were from India with 415 (Table 33).

The number of valid work permits as at the end of December 2022 stood at 31,951 (26,872 males and 5,079 females). Most of the foreign workers in Mauritius were working in the “*Manufacturing*” sector (67%) followed by “*Construction*” sector with 18%. The number of valid certificates of exemption as at the end of December 2022 stood at 6,249 (6,118 males, 131 females). The majority of valid certificates of exemption as at the end of December 2022 were for “*Construction*” sector (91%) with 5,705. (Tables 34).

The number of valid work permits and certificates of exemption as at the end of December 2022 stood at 38,200 (32,990 males and 5,210 females). Most of the foreign workers in Mauritius were working in the “*Manufacturing*” sector (56%) followed by “*Construction*” sector with 30%. (Table 34).

The countries of origin for the valid work permits and certificates of exemption are given in Table 35. 42% of the valid work permits and certificates of exemption were for Bangladeshi workers, while 41% of the expatriates came from India. 90% within valid certificates of exemption was for Indian workers and 51% and 31% within valid work permits were for Bangladeshi and Indian workers.
