9. Youth Employment Programme, Dual Training Programme and Back to Work Programme

9.1 The Youth Employment Programme (YEP) which started in 2013 is meant for unemployed youth aged between 16 and 35 years and provides them with training and placement in an enterprise for an initial period of one year with the possibility of one additional year of placement with another enterprise. The Programme provides for the payment of a monthly stipend to the youth as follows:

HSC : Rs 8,000
 Diploma : Rs 10,000
 Graduates: Rs 15,000

50% of the stipend is refunded to the employer by Government as well as 50% of the training cost up to a maximum of Rs 7,500 per youth.

Since November 2015, the YEP has been extended to the public sector.

According to the YEP Secretariat, there is a total number of 34,591 (14,832 males and 19,759 females) youth registered with YEP as at 30 November 2020.

The number of Employers registered with YEP is 6,198, out of which 43% are actively participating in the recruitment process.

The number of jobseekers placed as at 30 November 2020 is 23,784 (10,755 males and 13,029 females). No jobseeker was placed through the YEP during the month of November 2020.

9.2 The Dual Training Programme (DTP), launched in June 2015 provides for unemployed Mauritians to follow a Diploma or Degree Course with a tertiary institution registered with either the Tertiary Education Commission or the Mauritius Qualifications Authority in fields required by the labour market, with placement in an enterprise. Under the Programme, trainees will be paid a monthly stipend of Rs 6,000 for a maximum period of three years. As for employers, they will be refunded 50% of the course fees or Rs 50,000 whichever is the lower, per year per trainee as well as the stipend for a maximum of three years. After satisfactory completion of the course, the trainees may be employed.

According to the DTP secretariat, 46 companies have registered in the DTP and have enrolled 212 trainees, out of which 93 males and 119 females, at the end of November 2020. 144 trainees, out of which 57 males and 87 females have already completed their training programme. Another group of 68 trainees, out of which 36 males and 32 females are following different courses such as BTS Assistant de Gestion, BTS Services Informatiques aux Organisations and

Technician Diploma in Mechanical and Electrical Engineering. The training institutions are Universite des Mascareignes and MCCI Business School. 94 trainees have obtained permanent jobs after completion of the training.

9.3 The Back to Work Programme (BTWP) which was launched in June 2015 is meant for women above 35 years of age to enable them take up or resume employment. The Programme provides for the placement of women in a job for an initial period of one year following which they might be employed. During the placement period, the women will be paid a stipend of Rs 5,000 and will get the opportunity of following training in a registered institution. Employers enrolling women on placement under the Programme will be refunded the training cost up to a maximum of Rs 7,500 per woman as well as the stipend for the placement period.

According to the BTWP secretariat, as at the end of November 2020, 779 employers are registered in the programme, out of which 36% participated actively. 4,912 women are registered in the programme and 1,287 have been placed, out of which 33% in the wholesale and trade sector and 24% in the manufacturing sector. 632 women have obtained permanent jobs after completion of their placement.

For the month of November 2020, 28 women and 7 employers have registered for the first time, while no woman was placed.

In addition, to further empower those women, technical courses are currently being dispensed to them by MITD. The courses are fully sponsored by this Ministry and a stipend of Rs 6,000 are paid to them at the end of the course. As at date, some 175 unemployed women under the BTWP have been trained in Bakery/Pastry, Beauty Therapy, Hairdressing, Care of the Elderly and Disabled and Early Childhood care.

9.4 Government has found that there is a bottleneck regarding pre- registration of engineers at the Council of Registered Professional Engineers (CRPE). The requirements of two years practical

training under the supervision of professional engineers could not be entertained for lack of training possibilities for our graduates in engineering.

Government thus announced a special scheme in the Budget Programme 2016-2017, for the placement of trainee engineers.

The objective of the TES is to enable Graduates in engineering to qualify for registration with the Council of Registered Professional Engineers of Mauritius and to operate as full-fledged engineers.

The requirements for enlistment of trainees for the Trainee Engineer Scheme: Degree holders in engineering plus eligibility certificate stage 1 from the Council of Registered Professional Engineer.

As at 30 November 2020, the number of applications received for the scheme was 1,238 (916 males and 322 females). The number of placements effected in the public sector was 403 (319 males and 84 females) and in the private sector was 213 (160 males and 53 females). Most placements were made in the following fields: 48% in Civil Engineering and 21% in Mechanical Engineering.

16 employers of the public sector and 36 of the private sector are participating in the scheme as at 30 November 2020; while no placement was effected for the month of November 2020.

10. Job Placement

10.1 Placement is made according to the job requirements of employers. For the month of November 2020, 1,039 vacancies have been processed by the Employment Information Centres and 2,641 registrants were referred for employment by the latter. Out of the 2,641 (1,197 males and 1,444 females) referred jobseekers, 473 declined job offers, 346 failed to report to employers and 1,187 were not selected. There were 233 registrants who reported that they have been employed and the result of referral for 402 remaining applicants was not yet known. For the month of November 2020, placement has been effected for about 23% of the vacancies processed (Table 26).

As regards placement in the public sector, 84 vacancies have been reported. However, no jobseekers have been placed and referred.

Furthermore, 20 persons registered under the Workfare Programme have been placed and 38 persons through the TV programme “Magazine de L’Emploi et des Metiers. Thus, the total number of placements, for the month of November 2020, amounted to 291 (Table 8) and as shown below.

Table 8 - Type of placements by sex, November 2020

| Type of Placement | Male | | Female | | Total | |
|-------------------------------------|------------|------------|------------|------------|------------|------------|
| | Number | % | Number | % | Number | % |
| EIC | 109 | 85 | 124 | 76 | 233 | 80 |
| Workfare Programme | 7 | 5 | 13 | 8 | 20 | 7 |
| Magazine de L'Emploi et des metiers | 12 | 9 | 26 | 16 | 38 | 13 |
| Total | 128 | 100 | 163 | 100 | 291 | 100 |

10.2 The disparity between the number of vacancies reported and the number of persons placed can be explained by unwillingness of job seekers to accept job offers and also by some criteria set by the employers. Some jobseekers refused job offers because of the conditions of work e.g. low salary, overtime or night duty. Most of the jobseekers refused the jobs offered to them as they are looking for public sector jobs. For some vacancies no suitable candidates were available.

In some cases, employers were not satisfied with referred candidates and consequently the vacancies were filled by the employers themselves. Some candidates were not selected by employers as according to the latter they were not suitable for the work or lack previous experience. Employers were not willing to offer higher salaries, thus the jobseekers who were looking for a better pay were not selected by the employers.

10.3 A breakdown of placements by industrial group shows that the majority of the placements made were in the “*Wholesale & retail trade; repair of motor vehicles, motorcycles & personal and household good*” sector (71) and 54 for “*Manufacturing*” sector. The remaining placements were effected in companies engaged in other activities (Table 27).

The countries of origin for the valid work permits are given in Table 34. 57% of the valid work permits was for Bangladeshi workers, while 23% of the expatriates came from India.
