SECTION I

Employment Service Monthly Bulletin – August 2021

1. Introduction

This is a monthly bulletin prepared by the Ministry of Labour, Human Resource Development and Training to present data on registered unemployed, vacancies, placements of jobseekers and work permits. This present issue refers to the month of August 2021 for the Island of Mauritius and Island of Rodrigues.

The data are compiled based on information collected at the thirteen Employment Information Centres (EICs) throughout the island and at the different units of the Employment Service Main Office.

Registered unemployed comprise new registrants, re-registrants and those maintaining their registration. “New registrants” refers to new jobseekers wishing to be placed on the live register of unemployed of the Employment Service. “Re-registrants” refers to those who have ceased registration for a period not exceeding two years, and come back to be re-admitted on the live register. If the break is more than two years then the case will be considered as a new one.

2. Registered jobseekers as at the end of August 2021

The total number of registered unemployed at the end of August 2021 stood at 31,552 (12,370 males and 19,182 females). These figures include laid off workers who are registered under the Workfare Programme.

In addition to registered unemployed, 21,036 jobseekers (11,736 males and 9,300 females), who though already in employment, were registered at the Employment Information Centres, in search of a better job.

Table 1 - Number of registered Unemployed and In Employment jobseekers by sex, as at end of August 2021

Registered Jobseekers	Male	Female	Both sexes
Unemployed	12,370	19,182	31,552
In Employment	11,736	9,300	21,036
Total	24,106	28,482	52,588

2.1 Distribution of registered unemployed by sex and age, qualification, length of registration, occupational group, district, locality and disability as at the end of August 2021

2.1.1 Distribution by sex and age (Tables 2 and 9)

The proportion of females among the registered unemployed was 61% against 39% for males. The proportion of registered unemployed aged between 16 and 29 years was 51% for males and 42% among females respectively. The mean age worked out to 34 years for male and 36 years for female jobseekers. The table below provides for the profile of registered unemployed jobseekers by age group.

Table 2 - Registered unemployed jobseekers by age group and sex, as at end of August 2021

8. The website of Employment Service: <https://mauritiusjobs.govmu.org>

The website <https://mauritiusjobs.govmu.org> was launched in June 2014. The objective of the website is as follows:

- To have a dedicated and state of the art interactive website for jobseekers and employers that will be more user-friendly and responsive.
- To incorporate overseas vacancies notified in the context of the International Organization for Migration (IOM).
- To provide a quicker search engine both for jobseekers and employers.

The Benefits of the Website are:

- Jobseekers can view latest vacancies both local and abroad
- Jobseekers can apply for jobs directly
- Employers can upload their vacancies and effect quick search for potential candidates.
- Employers can view profiles of candidates, CVs, references and qualifications.
- Free of cost and accessible to intended users even on smart phones, tablets and laptops and will be linked to all the other related stakeholders dealing with employment issues.

Table 7 - Statistics on the website

9. Youth Employment Programme, Dual Training Programme and Back to Work Programme

9.1 The Youth Employment Programme (YEP) which started in 2013 is meant for unemployed youth aged between 16 and 35 years and provides them with training and placement in an enterprise for an initial period of one year with the possibility of one additional year of placement with another enterprise. The Programme provides for the payment of a monthly stipend to the youth as follows:

HSC : Rs 8,000
 Diploma : Rs 10,000
 Graduates: Rs 15,000

50% of the stipend is refunded to the employer by Government as well as 50% of the training cost up to a maximum of Rs 7,500 per youth.

Since December 2015, the YEP has been extended to the public sector.

According to the YEP Secretariat, there is a total number of 40,473 (18,159 males and 22,314 females) youth registered with YEP as at 31 August 2021.

The number of Employers registered with YEP is 6,609, out of which 42% are actively participating in the recruitment process.

The number of jobseekers placed in companies through the YEP as at 31 August 2021 is 24,163 (10,888 males and 13,275 females). For the month of August a total of 85 jobseekers were placed in both public and private sectors. 62 jobseekers (19 males and 43 females) were placed in the private sector out of which 26% in “*Professional, scientific and technical activities*” sector, 19% in “*Construction*” sector and 15% in “*Wholesale and retail trade, Financial and insurance activities*” sector respectively (Table 26). The remaining 23 jobseekers (8 males and 15 females) were placed in the public sector during the month of August 2021.

9.2 The Dual Training Programme (DTP), launched in August 2015 provides for unemployed Mauritians to follow a Diploma or Degree Course with a tertiary institution registered with either the Tertiary Education Commission or the Mauritius Qualifications Authority in fields required by the labour market, with placement in an enterprise. Under the Programme, trainees will be paid a monthly stipend of Rs 6,000 for a maximum period of three years. As for employers, they will be refunded 60% of the course fees, per year per trainee as well as the stipend for a maximum of three years. After satisfactory completion of the course, the trainees may be employed.

According to the DTP secretariat, 46 companies have registered in the DTP and have enrolled 205 trainees, out of which 90 males and 115 females, at the end of August 2021. The trainees have already completed their training programme in different courses such as BTS Assistant de Gestion, BTS Services Informatiques aux Organisations and Technician Diploma in Mechanical and Electrical Engineering. The training institutions are Universite des Mascareignes and MCCI Business School. 155 trainees have obtained permanent jobs after completion of the training.

9.3 The Back to Work Programme (BTWP) which was launched in August 2015 is meant for women above 30 years of age to enable them take up or resume employment. The Programme provides for the placement of women in a job for an initial period of one year following which they might be employed. During the placement period, the women will be paid a stipend up to a maximum of Rs 10575 and will get the opportunity of following training in a registered institution. Employers enrolling women on placement under the Programme will be refunded the training cost up to a maximum of Rs 7,500 per woman as well as the stipend for the placement period.

According to the BTWP secretariat, as at the end of August 2021, 811 employers are registered in the programme, out of which 37% participated actively. 5,202 women are registered in the programme and 1,328 have been placed, out of which 32% in the wholesale and trade sector and 25% in the manufacturing sector. 675 women have obtained permanent jobs after completion of their placement.

For the month of August 2021, 33 women and 5 employers have registered for the first time, while no woman was placed.

In addition, to further empower those women, technical courses are currently being dispensed to them by MITD. The courses are fully sponsored by this Ministry and a stipend of Rs 10,575 are paid to them at the end of the course. As at December 2020, some 193 unemployed women under the BTWP have been trained in Bakery/Pastry, Beauty Therapy, Hairdressing, Care of the Elderly and Disabled, Early Childhood care and Flower Arrangements.

9.4 Government has found that there is a bottleneck regarding pre- registration of engineers at the Council of Registered Professional Engineers (CRPE). The requirements of two years practical training under the supervision of professional engineers could not be entertained for lack of training possibilities for our graduates in engineering.

Government thus announced a special scheme in the Budget Programme 2016-2017, for the placement of trainee engineers.

The objective of the TES is to enable Graduates in engineering to qualify for registration with the Council of Registered Professional Engineers of Mauritius and to operate as full-fledged engineers.

The requirements for enlistment of trainees for the Trainee Engineer Scheme: Degree holders in engineering plus eligibility certificate stage 1 from the Council of Registered Professional Engineer.

As at 31 August 2021, the number of applications received for the scheme was 1,342 (1001 males and 341 females). The number of placements effected in the public sector was 430 (341 males and 89 females) and in the private sector was 248(187 males and 61 females). Most placements were made in the following fields: 49% in Civil Engineering and 21% in Mechanical Engineering.

17 employers of the public sector and 47 of the private sector are participating in the scheme as at 31 August 2021; while the number of placements for the month of August 2021 stood at 11 trainees including 1 in the public sector (1 male) and 10 in the private sector (7 males and 3 females).

10. Job Placement

10.1 Placement is made according to the job requirements of employers. For the month of August 2021, 2,205 vacancies have been processed by the Employment Information Centres and 4,850 registrants were referred for employment by the latter. Out of the 4,850 (2,522 males and 2,328 females) referred jobseekers, 225 declined job offers, 540 failed to report to employers and 2,706 were not selected. There were 217 registrants who reported that they have been employed and the result of referral for 1,147 remaining applicants was not yet known. For the month of August 2021, placement has been effected for about 10% of the vacancies processed (Table 27).

As regards placement in the public sector, 18 vacancies have been reported for which no jobseekers have been referred and no jobseeker has been placed for previous vacancies.

Furthermore, 39 persons registered under the Workfare Programme have been placed, 230 persons through the TV programme “Magazine de L’Emploi et des Metiers”, 1 person through the Job Management System, 85 persons through the Youth Employment Programme and 2 persons through the Trainee Engineer Scheme. Thus, the total number of placements, for the month of August 2021, amounted to 589 (Table 28) and as shown below.

10.2 The disparity between the number of vacancies reported and the number of persons placed can be explained by unwillingness of job seekers to accept job offers and also by some criteria set by the employers. Some jobseekers refused job offers because of the conditions of work e.g. low salary, overtime or night duty. Most of the jobseekers refused the jobs offered to them as they are looking for public sector jobs. For some vacancies no suitable candidates were available.

In some cases, employers were not satisfied with referred candidates and consequently the vacancies were filled by the employers themselves. Some candidates were not selected by employers as

according to the latter they were not suitable for the work or lack previous experience. Employers were not willing to offer higher salaries, thus the jobseekers who were looking for a better pay were not selected by the employers.

10.3 A breakdown of placements by industrial group shows that the majority of the placements made were in the “*Manufacturing*” sector (65) and 44 for “*Wholesale & retail trade; repair of motor vehicles, motorcycles & personal and household good*” sector. The remaining placements were effected in companies engaged in other activities (Table 28).

11. Work Permits and Certificates of Exemption

For the month of August 2021, the number of new work permits issued was 623 (531 males and 92 females). The majority of the new work permits issued was for the “*Construction*” sector (303) followed by “*Manufacturing*” sector with 276. Out of the 623 new work permits issued, 299 were allocated to Bangladeshi workers, 144 to Indian workers and 89 to Nepalese workers (Tables 29, 31 & 32).

The number of work permits renewed for the month of August 2021 amounted to 2,923 (2,512 males and 411 females) out of which 1,651 were for the “*Manufacturing*” sector and 983 for the “*Construction*” sector (Table 30 & 32). The majority of the work permits renewed were for Bangladeshi, Indian and Malagasy workers with 1,799, 680 and 283 work permits respectively as shown in Table 31.

The number of valid certificate of exemption as at the end of August 2021 stood at 4,921 (4,836 males, 85 females). The majority of valid certificates of exemption as at the end of August 2021 was for the “*Construction*” sector with 4,579 (Tables 33).

The number of valid work permits and Certificates of exemption as at the end of August 2021 stood at 30,847 (26,415 males and 4,432 females). Most of the foreign workers in Mauritius were working in the “*Manufacturing*” sector (58%) followed by “*Construction*” sector with 28% (Tables 33).

The countries of origin for the valid work permits and certificates of exemption are given in Table 34. 53% of the valid work permits and Certificates of exemption were for Bangladeshi workers, while 33% of the expatriates came from India. 90% of the valid certificate of exemption was for Indian workers.
