SECTION I

Employment Service Monthly Bulletin – February 2022

1. Introduction

This is a monthly bulletin prepared by the Ministry of Labour, Human Resource Development and Training to present data on registered unemployed, vacancies, placements of jobseekers and work permits. This present issue refers to the month of February 2022 for the Island of Mauritius and Island of Rodrigues.

The data are compiled based on information collected at the thirteen Employment Information Centres (EICs) throughout the island and at the different units of the Employment Service Main Office.

Registered unemployed comprise new registrants, re-registrants and those maintaining their registration. “New registrants” refers to new jobseekers wishing to be placed on the live register of unemployed of the Employment Service. “Re-registrants” refers to those who have ceased registration for a period not exceeding two years, and come back to be re-admitted on the live register. If the break is more than two years then the case will be considered as a new one.

2. Registered jobseekers as at the end of February 2022

The total number of registered unemployed at the end of February 2022 stood at 24,071 (9,131 males and 14,940 females). These figures include laid off workers who are registered under the Workfare Programme.

In addition to registered unemployed, 19,443 jobseekers (10,475 males and 8,968 females), who though already in employment, were registered at the Employment Information Centres, in search of a better job.

Table 1 - Number of registered Unemployed and In Employment jobseekers by sex, as at end of February 2022

Registered Jobseekers	Male	Female	Both sexes
Unemployed	9,131	14,940	24,071
In Employment	10,475	8,968	19,443
Total	19,606	23,908	43,514

2.1 Distribution of registered unemployed by sex and age, qualification, length of registration, occupational group, district, locality and disability as at the end of February 2022

2.1.1 Distribution by sex and age (Tables 2 and 10)

The proportion of females among the registered unemployed was 62% against 38% for males. The proportion of registered unemployed aged between 16 and 29 years was 51% for males and 42% among females respectively. The mean age worked out to 34 years for male and 36 years for female jobseekers. The table below provides for the profile of registered unemployed jobseekers by age group.

Table 2 - Registered unemployed jobseekers by age group and sex, as at end of February 2022

8. The website of Employment Service: <https://mauritiusjobs.govmu.org>

The website <https://mauritiusjobs.govmu.org> was launched in September 2014. The objective of the website is as follows:

- To have a dedicated and state of the art interactive website for jobseekers and employers that will be more user-friendly and responsive.
- To incorporate overseas vacancies notified in the context of the International Organization for Migration (IOM).
- To provide a quicker search engine both for jobseekers and employers.

The Benefits of the Website are:

- Jobseekers can view latest vacancies both local and abroad
- Jobseekers can apply for jobs directly
- Employers can upload their vacancies and effect quick search for potential candidates.
- Employers can view profiles of candidates, CVs, references and qualifications.

9. Youth Employment Programme, Dual Training Programme and Back to Work Programme

9.1 The Youth Employment Programme (YEP) which started in 2013 is meant for unemployed youth aged between 16 and 35 years and provides them with training and placement in an enterprise for an initial period of one year with the possibility of one additional year of placement with another enterprise. The Programme provides for the payment of a monthly stipend to the youth as follows:

HSC : Rs 8,000
 Diploma : Rs 10,000
 Graduates: Rs 15,000

50% of the stipend is refunded to the employer by Government as well as 50% of the training cost up to a maximum of Rs 7,500 per youth.

Since December 2015, the YEP has been extended to the public sector.

According to the YEP Secretariat, there is a total number of 42,446 (18,848 males and 23, 598 females) youth registered with YEP as at 28 February 2022.

The number of Employers registered with YEP is 6,895, out of which 41% are actively participating in the recruitment process.

The number of jobseekers placed in companies through the YEP as at 28 February 2022 is 24,562 (11,033 males and 13,529 females). 68 jobseekers were placed in the public and private sectors. 50 jobseekers (19 males and 31 females) were placed in the private sector out of which 32% in “*Professional, scientific and technical activities*” sector and 14% in “*Information and Communications*” sector respectively (Table 27). The remaining 18 jobseekers (5 males and 13 females) were placed in the public sector during the month of February 2022.

9.2 The Dual Training Programme (DTP), launched in September 2015 provides for unemployed Mauritians to follow a Diploma or Degree Course with a tertiary institution registered with either the Tertiary Education Commission or the Mauritius Qualifications Authority in fields required by the labour market, with placement in an enterprise. Under the Programme, trainees will be paid a monthly stipend of Rs 6,000 for a maximum period of three years. As for employers, they will be refunded 60% of the course fees, per year per trainee as well as the stipend for a maximum of three years. After satisfactory completion of the course, the trainees may be employed.

According to the DTP secretariat, 46 companies have registered in the DTP and 205 trainees have successfully completed their training, out of which 90 males and 115 females, at the end of September 2021. The trainees have completed their training programme in different courses such as BTS Assistant de Gestion, BTS Services Informatiques aux Organisations and Technician Diploma in Mechanical and Electrical Engineering. The training institutions are

Université des Mascareignes and MCCI Business School. 155 trainees have obtained permanent jobs after completion of the training.

9 trainees including 4 male and 5 female are currently on placement with private companies.

9.3 The Back to Work Programme (BTWP) which was launched in September 2015 is meant for women above 30 years of age to enable them take up or resume employment. The Programme provides for the placement of women in a job for an initial period of one year following which they might be employed. During the placement period, the women will be paid a stipend up to a maximum of Rs 10,575 and will get the opportunity of following training in a registered institution. Employers enrolling women on placement under the Programme will be refunded the training cost up to a maximum of Rs 7,500 per woman as well as the stipend for the placement period.

According to the BTWP secretariat, as at the end of February 2022, 827 employers are registered in the programme, out of which 37% participated actively. 5,383 women are registered in the programme and 1,328 have been placed, out of which 32% in the “*Wholesale and trade*” sector and 25% in the “*Manufacturing*” sector. 696 women have obtained permanent jobs after completion of their placement.

For the month of February 2022, 39 women and 2 employers have registered for the first time, while no woman was placed.

In addition, to further empower those women, technical courses are currently being dispensed to them by MITD. The courses are fully sponsored by this Ministry and a stipend of Rs 10,575 are paid to them at the end of the course. 193 unemployed women under the BTWP have been trained in Bakery/Pastry, Beauty Therapy, Hairdressing, Care of the Elderly and Disabled, Early Childhood care and Flower Arrangements.

9.4 Government has found that there is a bottleneck regarding pre- registration of engineers at the Council of Registered Professional Engineers (CRPE). The requirements of two years practical training under the supervision of professional engineers could not be entertained for lack of training possibilities for our graduates in engineering.

Government thus announced a special scheme in the Budget Programme 2016-2017, for the placement of trainee engineers.

The objective of the TES is to enable Graduates in engineering to qualify for registration with the Council of Registered Professional Engineers of Mauritius and to operate as full-fledged engineers.

The requirements for enlistment of trainees for the Trainee Engineer Scheme: Degree holders in engineering plus eligibility certificate stage 1 from the Council of Registered Professional Engineer.

As at 28 February 2022, the number of applications received for the scheme was 1,426 (1,057 males and 369 females). The number of placements effected in the public sector was 453 (356 males and 97 females) and in the private sector was 282 (214 males and 68 females). Most placements were made in the following fields: 49% in “*Civil Engineering*” and 21% in “*Mechanical Engineering*” and 14% in “*Electrical and Electronics*”.

17 employers of the public sector and 50 of the private sector are participating in the scheme as at 28 February 2022; while the number of placements for the month of February 2022 stood at 19 trainees including 4 in the public sector (3 males and 1 female) and 15 in the private sector (13 males and 2 females) .

10. Overseas Recruitment

27 candidates for the post of “Cuisinier/Cuisiniere” and 17 candidates for the post of “Commis de Production” attended an online interviews conducted by Restaurant Normandin from 7 to 10 February 2022.

Following the above selection exercise, Normandin has issued job offers to 16 selected candidates (13 males and 3 females) for the post of “Cuisiniers/Cuisinières” and to 7 candidates (7 males) for the post of “Commis de Production”.

11. Job Placement

11.1 Placement is made according to the job requirements of employers. For the month of February 2022, 4,304 vacancies have been processed by the Employment Information Centres and 3,341 registrants were referred for employment by the latter. Out of the 3,341 (1,867 males and 1,474 females) referred jobseekers, 232 declined job offers, 158 failed to report to employers and 2,283 were not selected. There were 240 registrants who reported that they have been employed and the result of referral for 426 remaining applicants was not yet known. For the month of February 2022, placement has been effected for about 6% of the vacancies processed (Table 28).

Some vacancies for the month of January 2022 have been processed during the month of February 2022 leading to 2 additional placements being made.

As regards placement in the public sector, 39 vacancies have been reported for which 120 jobseekers have been referred and 147 jobseekers have been placed for previous vacancies.

Furthermore, 21 persons registered under the Workfare Programme have been placed, 54 persons through the TV programme “Magazine de L’Emploi et des Metiers”, 68 persons through the Youth Employment Programme, 19 persons through the Trainee Engineer Scheme and 23 persons through Overseas Vacancies. Thus, the total number of placements, for the month of February 2022, amounted to 574 (Table 29) and as shown below.

11.2 The disparity between the number of vacancies reported and the number of persons placed can be explained by unwillingness of job seekers to accept job offers and also by some criteria set by the employers. Some jobseekers refused job offers because of the conditions of work e.g. low salary, overtime or night duty. Most of the jobseekers refused the jobs offered to them as they are looking for public sector jobs. For some vacancies no suitable candidates were available.

In some cases, employers were not satisfied with referred candidates and consequently the vacancies were filled by the employers themselves. Some candidates were not selected by employers as according to the latter they were not suitable for the work or lack previous experience. Employers were not willing to offer higher salaries, thus the jobseekers who were looking for a better pay were not selected by the employers.

11.3 A breakdown of placements by industrial group shows that the majority of the placements made were in the “*Wholesale & Retail Trade; repair of motor vehicles, motorcycles & personal and household goods*” sector (74), “*Real estate, renting and business services*” sector (41) and “*Manufacturing*” sector (34). The remaining placements were effected in companies engaged in other activities (Table 29).

12. Work Permits and Certificates of Exemption

For the month of February 2022, the number of new work permits issued was 715 (647 males and 68 females). The majority of the new work permits issued was for the “*Manufacturing*” sector (359) followed by “*Construction*” sector with 224. Out of the 715 new work permits issued, 353 were allocated to Indian workers, 241 to Bangladeshi workers, 80 to Malagasy workers and 26 to Nepalese workers (Tables 30, 32 & 33).

The number of work permits renewed for the month of February 2022 amounted to 974 (830 males and 144 females) out of which 649 were for the “*Manufacturing*” sector and 203 for the “*Construction*” sector (Table 31 & 33). The majority of the work permits renewed were for Bangladeshi, Indian and Malagasy workers with 512, 319 and 105 work permits respectively as shown in Table 32.

The number of valid work permits as at the end of February 2022 stood at 23,351 (19,744 males and 3,607 females). Most of the foreign workers in Mauritius were working in the “*Manufacturing*” sector (71%) followed by “*Construction*” sector with 14%. The number of valid certificates of exemption as at the end of February 2022 stood at 4,771 (4,678 males, 93 females). The majority of valid certificates of exemption as at the end of February 2022 was for “*Construction*” sector (92%) with 4,377. (Tables 35).

The number of valid work permits and certificates of exemption as at the end of February 2022 stood at 28,122 (24,422 males and 3,700 females). Most of the foreign workers in Mauritius were working in the “*Manufacturing*” sector (59%) followed by “*Construction*” sector with 27%. (Table 35).

The countries of origin for the valid work permits and certificates of exemption are given in Table 36. 47% of the valid work permits and certificates of exemption were for Bangladeshi workers, while 37% of the expatriates came from India. 91% within valid certificates of exemption was for Indian workers and 56% and 26% within valid work permits were for Bangladeshi and Indian workers.
